

UTA's New Canadian Solutions

UTA's Gives You Multiple Ways to Save

Canadian ACH/ Pre-Authorized Debits (PADS)

UTA offers you a secure and compliant way to accept Pre-Authorized Debits (PADS) directly from your customer's bank account. EFT Pre-Authorized Debits means less credit card fees, better cash flow, and a more convenient way to accept payments from your customers. Initiate payments at the point of sale, over the phone, or online.

Credit Card Processing

United TranzActions has partnered with Worldpay, the world's #1 credit card processor, for the past 22 years. The UTA-Worldpay interchange optimization solution will help you reduce your credit card processing fees with automatic Level III processing and large ticket discount rates. Whether your concern is interchange management, PCI Compliance, fraud, or another critical payment topic, UTA and Worldpay will work with you to minimize risk and processing expenses while maximizing your customer experience.

Credit Card Surcharge

Lower your credit card processing fees with the new Canadian Surcharge Solution. Available to all Canadian businesses as of October 2022, UTA's fully compliant Surcharge Solution can eliminate the cost of expensive credit card acceptance fees. Surcharge fees are automatically calculated and applied to qualified credit card payments. Surcharging is available over the phone, at the Point of Sale, and for Online Payments
