

CANADIAN ACH/ PADS

Whether your company is expanding its business beyond the US border or already has a Canadian presence, allow UTA's Canadian ACH service to help expand your payment acceptance options. Also known in Canada as Pre-Authorized Debits (PADs), this service is a powerful tool for businesses that want to initiate and receive electronic payments from customers over the phone and online.

This web-based service is designed specifically to accelerate your cash flow by transferring funds quickly and safely in a secure internet environment.

Here are some of the reasons why UTA is the premiere Canadian ACH payment processing service provider:

- Enables you to accept payments from customers with Canadian bank accounts in Canadian currency
- Works with your current banking relationship
- Offers lowest rates in the industry
- Web-based application, no software to purchase
- Prevents lengthy Canadian payment delays
- Flexible Payment Management
- Customized reporting and administrative console to meet your specific needs
- Integration via Single Sign-On (SSO)

INDUSTRY-LEADING *Payment Processing Services*
